

# Groups

Groups are an alternative way to organize users, that can be used in example for cross-node grouping or temporary grouping to simplify some operation.

The groups feature can be managed from:

*Admin > Users > Groups Management*

## Create Groups

Use the “new” button to create new groups

### Groups

		<input type="text"/>			
<a href="#">New</a>		« Start < Previous <b>1</b> Next > End » 1 - 3 of 3		25 ▼	
Name ▲	Description				
Academy Event Participants	list of people that participated to the latest company congress - to be enrolled to the course with the event materials and reports	0			
Best Performers 2020	Accounts with best sales performance 2020 for automatic enrollment to benefit courses	0			
Trainers	List of trainers from all the Org-Chart nodes	4			
<a href="#">New</a>		« Start < Previous <b>1</b> Next > End » 1 - 3 of 3		25 ▼	

## Add Users

Clicking on the icon in users column, you can:

1. **Select** and add users to the group
2. **Import** a list of existing users as a CSV file containing the usernames (users must already exist)

Search

Username	First name	Last name	
aabadi	Asma	Abadi	
baswad	Batul	Aswad	
bjamison	Bobby	Jamison	
ivassiliev	Igor	Vassiliev
