

Web Pages

Web Pages

In Forma you can manage HTML pages to be displayed either on the login page or in a dedicated tab inside the “mycourses” area.

Web pages can be added and managed from:

Admin > Contents > Web Pages

Web pages

 [Add](#)

List of web pages						
Title						
Company						
Services						
Contacts						
Home						

 [Add](#)

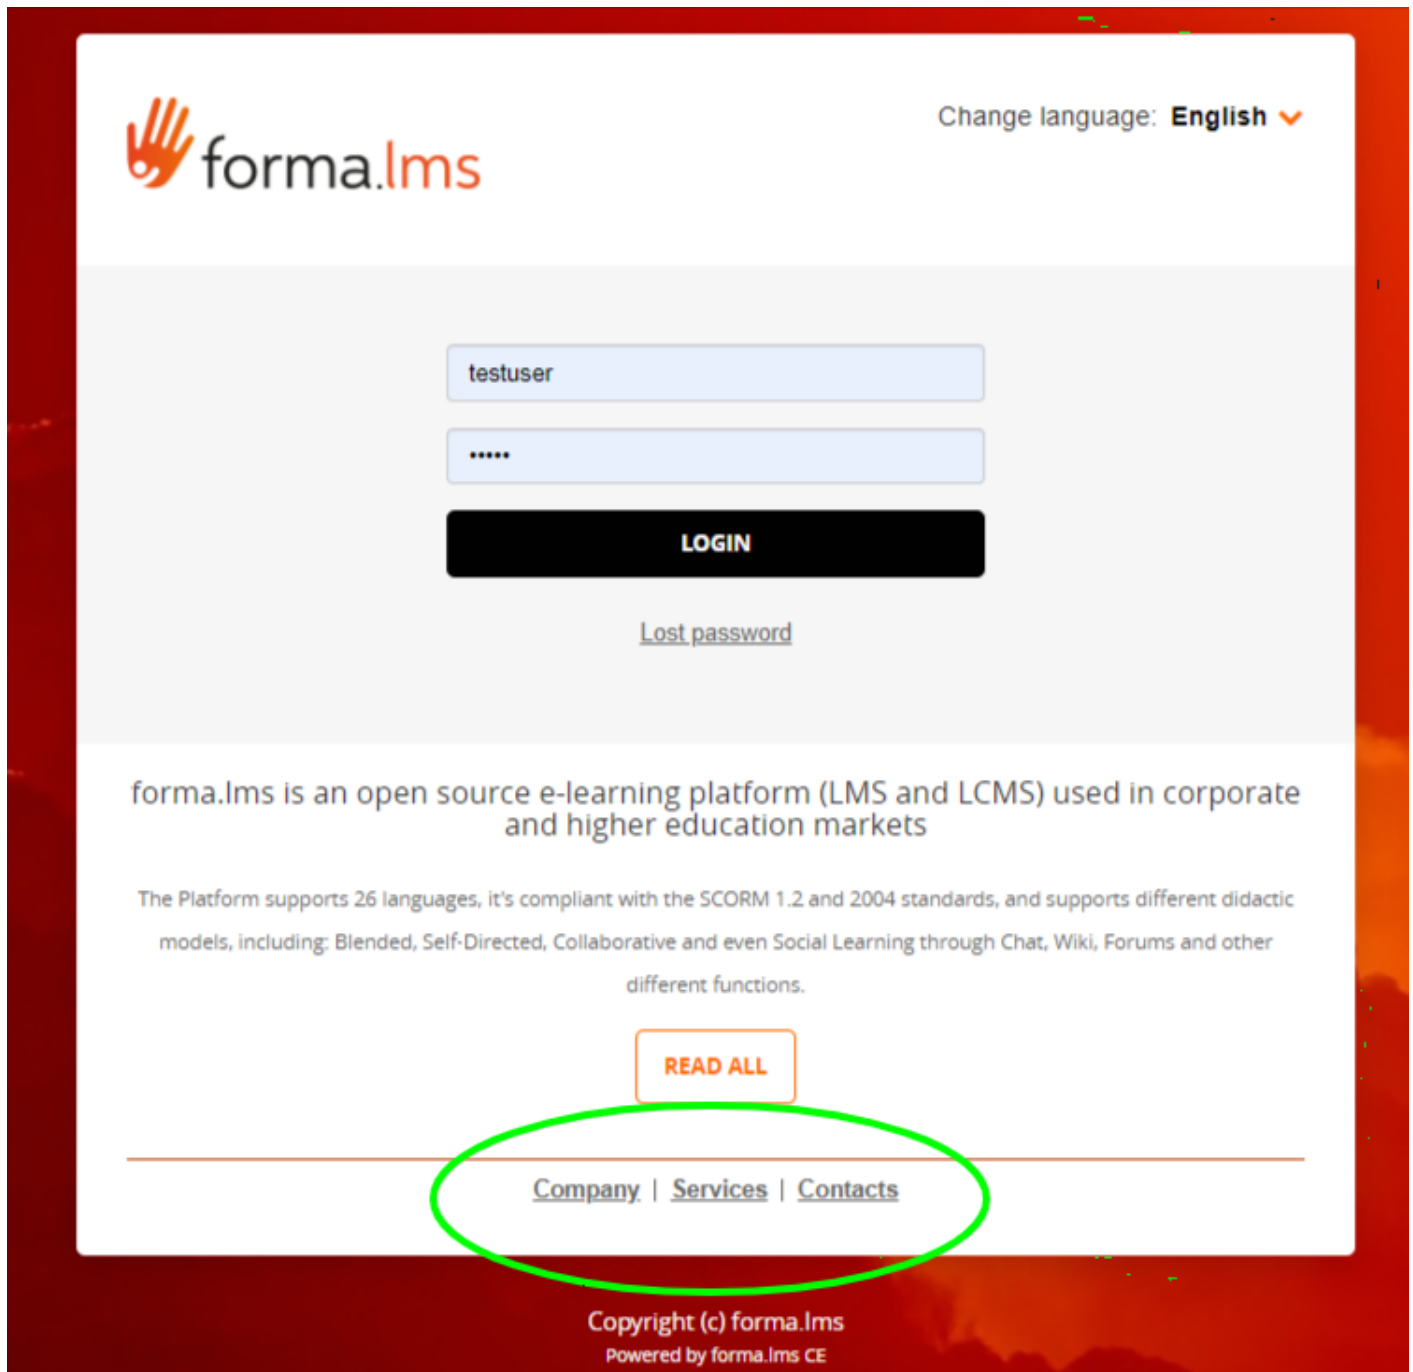

Click on the “ADD” button to create a web page and set:

- Title:** this is the title of the webpage, and will be used also as link text in the login menu for external pages
- Language:** the page will be visible to users viewing the site in the selected language. If a different language is selected, the link to this page won't be displayed.
- Publish:** Choose whether this page should be visible or not
- Default page:** this page will be used as content for the MyCourses “Home” Tab, and will be hidden on the login menu

Description: content of the page

External Web Pages

All the published web pages, unless set as default, will be automatically shown as a menu on the login page:

The screenshot shows the login page of the forma.lms platform. At the top left is the logo, which consists of an orange hand icon and the text "forma.lms". At the top right, there is a language selection option: "Change language: English" with a downward arrow. The login form is centered and includes a text input field containing "testuser", a password input field with masked characters "*****", and a black "LOGIN" button. Below the button is a link for "[Lost password](#)". A paragraph of text describes the platform as an open source e-learning platform (LMS and LCMS) used in corporate and higher education markets, mentioning support for 26 languages and SCORM standards. Below this is a "READ ALL" button. At the bottom, a horizontal line separates the main content from the footer, which contains the links "[Company](#) | [Services](#) | [Contacts](#)". These links are circled in green. The footer also includes the text "Copyright (c) forma.lms" and "Powered by forma.lms CE".

Home Tab

The page selected as “default” will be used as a content for the “Home” Tab in MyCourses area, provided that Tab is active:

You can activate the home tab from the [User Area management](#) under:

Admin > Settings > Elearning Configuration > User Area LMS

The tab can be renamed from the standard [language management](#) area
